

## **Boko Haram leaflet distributed in Gombe State in February 2015**

Message from Jama'atu Ahlis Sunnah Lidda'awati Wal Jihad (Boko Haram)

### **TO THE NIGERIAN NATION**

1. To all Muslims (and lovers of Islam), stay away from all polling booths if they/he/she wants to live long, because we are going to launch multiple attacks on the polling booths
2. Anyone who desires peace should keep himself from co-operating with security agents against us and should not fight us, because we only engage against those that war against us. We have not attacked you because you have not attacked us.
3. And finally, we call on all faithful to join the Jihad (Holy war), because Allah has commissioned us all to do so
